

Don't take a gamble on low quality imports ...

## **CHOOSE US - THE LEADING AUSTRALIAN CONROD MANUFACTURER**

- Our rods are manufactured exactly to our drawings with guaranteed accuracy
- Our rods are manufactured under Quality Management System ISO 9001:2008
- Have HIGHER horsepower ratings
- Are produced by a family with 30 years of Conrod manufacturing experience over two generations
- Can be CUSTOM MADE to any specification and requirements
- Have proven longevity
- Are produced from aircraft quality hardened tempered 4340 forged or billet
- Use ONLY genuine ARP quality fasteners
- Come fully finished, balanced within 3 grams and ready to install in your engine and require NO REWORKING
- Can be found as OEM products in FPV vehicles

**ARGO rods are *Australian Made* and support *Australian workers*.**
